7 1. a. For the purposes of this act:

8 “Interstate motor vehicle information network” means an
9 interstate network used for the exchange of law enforcement,
10 criminal justice, and public safety-related information; and

STATEMENT

30

31 This bill prohibits the Motor Vehicle Commission from entering
32 into an agreement to provide license plate numbers or any other
33 indentifying information to another state or an interstate motor
34 vehicle information network for the purpose of imposing or
35 collecting fines from New Jersey drivers who receive a citation for
36 an alleged violation committed in another state that was captured on
37 a speed camera or red light camera.

38 This bill is modeled on a newly enacted statute in South Dakota,
39 which prohibited its Division of Motor Vehicles from submitting
40 driver information to the national interstate motor vehicle
41 information network, a system used by photo ticketing companies,
42 for the purposes of processing red light or speed camera tickets.
43 The purpose of this bill is to prevent other states from issuing
44 citations to New Jersey residents for alleged violations recorded on
45 a speed camera or red light camera.
